Reason: Information on the start of a new clinic

I am writing to express our interest in serving the Chequamegon area in the field of Physical Therapy. We hope that over the past seven years of working in Ashland we have demonstrated our commitment to excellence. At this point in time we have decided to venture out on our own to better serve our community. We ask you to consider us in the future if the need arises where physical therapy may assist.

If you feel that our service may be needed for you, a family member or your employees we ask you to ensure that we are in your "network". You can readily assist by calling the customer service phone number on the back of your card and request that Wilson Physical Therapy be in "network."

As sole owners of Wilson Physical Therapy we promise to you the following:

- We will remain focused on providing high quality care in our community.
- We will bring a cost controlled approach to outpatient physical therapy services.
- We will bring a high level of communication to you and your physician throughout your course of treatment.
- We will continue to remain active with volunteerism in the health of our youth.
- We will continue our availability for presentations in various forums to educate the general public.

We hope that with this endeavor we will raise the bar of skilled service in our area.

The opening of our clinic will be in January 2012.

Thank you for your support

Aaron Wilson P.T. & Stephanie Wilson P.T.
