The new Fourth Generation iPod Touch is HERE! Now with all-new features including FaceTime, a Retina Display, HD Video Recording, and Game Center, it's the most capable iPod yet. All of these features are coupled with the new A4 processor to make everything run smoothly.

- FaceTime brings video calling to the iPod touch, so you can see your friends and talk to them.
- Retina display has an unmatched 960x640 resolution
- HD Video recording allows you to record, edit and share your HD Videos.
- Game Center is a new application that allows real-time interaction with friends in multiplayer games.

- 64GB Storage
- iOS 4
- Front-Facing Camera
- App Store
- Headphones included
